GBH Honored with 15 Emmy Nominations

ANTIQUES ROADSHOW Recognized with its
21st Primetime Emmy Award Nomination

FRONTLINE, NOVA, and WORLD Recognized with
News & Documentary Emmy Award Nominations

Boston (July 28, 2023) - Boston public media producer GBH has been honored with 15 nominations by The National Academy of Television Arts & Sciences (NATAS) for the 2023 Annual Emmy® Awards.

ANTIQUES ROADSHOW received a Primetime Emmy Award Nomination, in the category Outstanding Structured Reality Program. It is the 21st Primetime Emmy Award nomination for PBS's most-watched ongoing series.

FRONTLINE, NOVA, and WORLD received a combined 14 nominations in the News & Documentary Emmy Awards.

"This recognition by the National Academy of Television Arts & Sciences is a testament to the powerful work done by the teams at ANTIQUES ROADSHOW, FRONTLINE, NOVA, and WORLD," said Susan Goldberg, president and CEO at GBH. "These teams work to honor the trust our audiences have placed in us, to tell the stories important to our society, and to deliver exceptional programming every day."

FRONTLINE, GBH's investigative journalism series received 9 nominations, including a nomination in the Best Documentary category for *Putin's Attack on Ukraine: Documenting War Crimes*, produced in partnership with The Associated Press.

FRONTLINE also received nominations in seven other categories, including Outstanding Hard News Feature Story: Long Form; Outstanding Investigative News Coverage: Long Form; Outstanding Historical Documentary; Outstanding Research: News; Outstanding Writing: Documentary; and Outstanding Research: Documentary.

WORLD, public media's platform for complex and diverse human-centered documentaries and programming, received two nominations, including one in the category Outstanding Recorded

News Special for the production *Burning Questions: Covering Climate Now*. WORLD was also nominated in the Outstanding Social Issue Documentary Category for *Sapelo*, an America ReFramed production in partnership with American Documentary.

NOVA, the most-watched primetime science series on American television, earned three nominations, including two nominations in the Outstanding Science and Technology Documentary category for the films [Augmented](#) and [Ultimate Space Telescope](#). NOVA was also nominated in the Outstanding Promotional Announcement category for *Augmented*.
